

April 15th, 2020

In response to the changing environment surrounding the presence of COVID-19 in our communities, we wanted to make sure you know that Northern Illumination Co. is fully operational. Over the past several years, NIC has invested in technology that would allow our team to work remotely to ensure there are no disruptions in our service levels. Currently all teams are working remotely and have full access to our business systems.

Our Portland office is currently not allowing visitors until further notice in order to provide additional safeguards to our employees and their families. The health and safety of our employees, manufacturer partners and customers are our number one priority.

We are here to serve you and are fully equipped to assist you in any way necessary.

NIC is committed to exceeding expectations for our customers during these unprecedented times.

For a complete NIC contact list please visit our website:
